Help Prepare Your Home

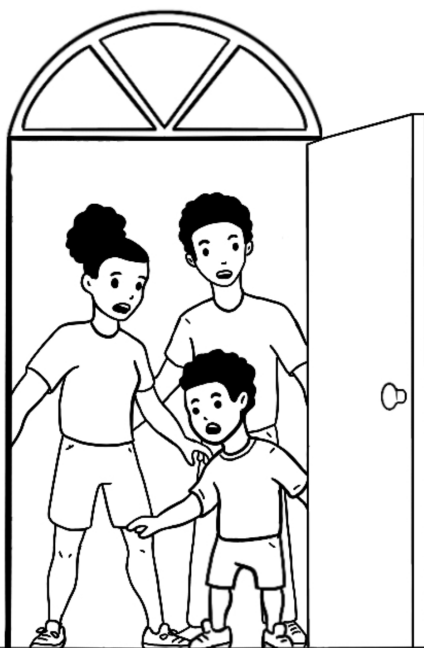

**During a storm,

updates.**

After the Storm

Even though it looks like fun, never walk through puddles or play near fallen trees. Puddles can hide things like broken glass, snakes and power lines.

If you can, stay inside after a storm.

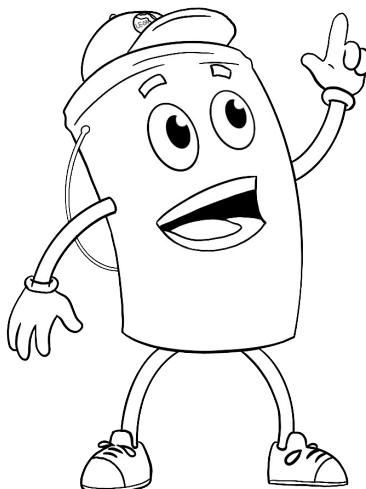

GREAT JOB!

Before a hurricane remember to:

- Fill out your family communications plan
- Get the house ready
- Check your emergency kit and make sure you have everything you need
- Listen to 88.9 WFSU-FM radio or iHeartMedia stations on the radio or watch a local TV station for information

Here are some things I learned:
